<b>Alert / Escalate</b>	<ul style="list-style-type: none"> <li>There were no items to be deferred or escalated on this occasion.</li> </ul>
<b>Advise</b>	<ul style="list-style-type: none"> <li>An implementation plan for the 2025/26 Foundation Plan, signed off by the JCC on 18 March 2025 is being developed, with senior responsible officers identified across the programme as enablers for the plan. Members noted that discussions are underway with Health Board (HB) colleagues who have offered to collaborate on elements of the implementation plan.</li> <li>Members were advised of the changing operating model for ambulance services from Welsh Government (WG) which introduces an additional purple category for cardiac arrest and an updated red category. The JCC will need to review the size, scale and type of ambulance resources that the JCC commissions against any service changes which are proposed in response.</li> <li>Risk 03 - Plastic Surgery Delays was highlighted. Members were reminded of the additional funding received from WG towards the end of 2024/25 to support the delivery of waiting time targets. Additional funding would need to continue in 2025/26 but the timeliness of confirmation will be critical to ensure better value in delivering the activity plans.</li> </ul>
<b>Assure</b>	<ul style="list-style-type: none"> <li>Members were informed that a Q4 position against the extant plans inherited from the three predecessor bodies would be brought to the meeting in June 2025 for assurance on their delivery.</li> <li>The associated risks for services that sit below the line in the Foundation Plan for 2025/26 will be wrapped into the forward work programme moving forward.</li> <li>High-level milestones for the 2026/29 three-year IMTP will be reviewed by the JCC Senior Leadership Team (SLT) and brought to the PPF sub-committee for assurance.</li> <li>Members received the first report on the assignment of risks from the overarching JCC risk register to each subcommittee for monitoring and scrutiny, with 14 risks scored 15 and above. Seven of these risks have been</li> </ul>

Engagement with both NHS Wales and English providers will be key, with a specific focus on referral management for providers in England.</li> </ul> </li> <li>• The JCC Performance Report for December 2024 was received. It was noted that this report had been presented to the previous PPF sub-committee at its meeting in February due to the timing of the meeting and publication of the report being slightly out of sync. Alignment of the meeting dates was being reviewed.</li> <li>• The report was taken as read with the following points highlighted: <ul style="list-style-type: none"> <li>○ An update on services in escalation, including the de-escalation of plastics and the escalation of bariatrics at Salford to Level 3.</li> <li>○ The challenges with medium secure mental health services, including the impact of the fire incident and the need for modernisation of facilities.</li> </ul> </li> <li>• The PPF Highlight Report was received for information and assurance noting that the report is shared with HB board secretaries for consideration and inclusion on their respective planning, performance and finance sub-committees. The same is done for the Quality, Safety and Outcomes sub-committee for the respective HB quality and patient safety committees.</li> </ul>
<p><b>Inform</b></p>	<ul style="list-style-type: none"> <li>• Members noted the Cabinet Secretary’s announcement and the potential role of the JCC in commissioning parts of the independent sector provision at a national level to support HBs with planned care waiting times.</li> <li>• The Forward Plan of Business for the next twelve months was presented for information, noting that it would feature as a specific report to the JCC in May</li> </ul>

	2025 as part of the committee's overarching forward plan of business. It was agreed that the development of a long-term strategy for the JCC would be included within the forward plan.
